

FractureData::getIntegration
TypePressure

```
graph LR; A[FractureHandler::init] --> B[FractureData::getIntegrationTypePressure]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The box on the left is shaded gray and contains the text 'FractureData::getIntegrationTypePressure' on two lines. The box on the right is white with a black border and contains the text 'FractureHandler::init' on one line. A blue arrow points from the right box to the left box.

FractureHandler::init
